

Enoch Pratt Free Library/State Library Resource Center Request for Proposal

Resource Sharing for Maryland Public Libraries FY26 - FY29

Amendments as 11/21/2024

- Instances throughout the RFP stating the bid deadline have been updated to December 31, 2024, 11:59 p.m. EST.
- References to a “resources or products of interest section” have been removed.
- On page 2, the RFP has been modified to include a vendor meeting component to address questions. While the original RFP only specified written question submission, the process now includes the option for a meeting where submitted questions will be addressed. Please note that to maintain fairness and efficiency, all questions must still be submitted in writing by the Pre-Bid Question Deadline. No new or unsubmitted questions will be addressed during the vendor meeting. This modification does not change the original question submission deadline or bid submission requirements.
